VOTINGRECORD 2011–2012 WASHINGTON

YOUR LEGISLATORS' VOTING RECORD ON SMALL BUSINESS ISSUES

2011–12 SESSION: The Voting Record is only one measure of a legislator's performance. A vote tally does not indicate which legislators represented small business interests in committees or behind the scenes. However, the record does indicate their positions when asked to vote on key issues on the floor of the House or Senate. Please thank those legislators who supported legislation important to small business.

1 Small business rule violations (HB 1150): Allows small business owners up to seven days to correct most minor rule violations before a fine or other penalty is assessed. **A "Yes" vote supports the NFIB position.** Passed House 96–0. Passed Senate 47–0. Signed into law.

2 Contractor misclassification (2ESHB 1701): Prohibits more than two independent contractors from performing the same task on a single job site. **A "No" vote supports the NFIB position.** Passed House 54–43. Passed Senate 25–23. Died when House did not agree with Senate amendments.

3 Contractor misclassification (Senate Amendment 256): Amendment exempts contractors with fewer than 50 employees from 2ESHB 1701 (above). **A "Yes" vote supports the NFIB position.** Passed Senate 25–24. House refused to concur with Senate amendment.

4 Health insurance exchange (SSB 5445): Delegates authority to executive branch to design a new state health insurance exchange, shutting the public and Legislature out of the process. (Fortunately, the House amendments addressed most of NFIB's concerns.) **A "No" vote supports the NFIB position.** Passed Senate 27–22. Amended by House 75–22. Senate concurred 32–16. Signed into law.

5 Health insurance exchange (E2SHB 2319): Implements a new state health insurance exchange with excessive market restrictions that will reduce competition and increase prices. Also delegates taxing authority to a board of political appointees and allows the insurance commissioner to implement benefit mandates without legislative approval. **A "No" vote supports the NFIB position.** Passed House 52–43. Passed Senate 27–22. Signed into law.

6 Health insurance exchange (House Amendment 1080): An amendment to E2SHB 2319, implements a new state health insurance exchange, without adding new market restrictions or delegating legislative authority to a board of political appointees and the insurance commissioner. Also contains an NFIB-supported null and void clause to terminate the exchange if the U.S. Supreme Court rules the federal healthcare law is unconstitutional. **A "Yes" vote supports the NFIB position.** Failed in House 44–51.

7 Medicaid false claims (ESSB 5978): Allows bounty–hunting trial lawyers to sue small businesses for alleged billing errors or other violations of Medicaid rules when the attorney general has declined to pursue the case. **A "No" vote supports the NFIB position.** Passed Senate 36–11. Passed House 56–42. Signed into law.

8 Medicaid false claims (Senate Amendment 445, House Amendment 1359): An amendment to ESSB 5978, removes "qui tam" provisions that incentivize trial lawyers to sue small businesses when the attorney general has declined to file suit. **A "Yes" vote supports the NFIB position.** Failed in Senate 21–25. Failed in House 46–52.

9 Workers' compensation reform (ESB 5566): Reforms the workers' compensation system to include lump–sum settlements for certain claims, giving injured workers the option to return to the work force rather than receive a permanent pension. **A "Yes" vote supports the NFIB position.** Passed Senate 34–15. Died in House.

10 Workers' compensation reform (EHB 2123): A House compromise bill (to ESB 5566) that allows lump-sum

settlement payments in limited circumstances, modifies annual cost-of-living increases, establishes a return-to-work subsidy program, studies occupational disease claims, and makes other program enhancements. **A "Yes" vote supports the NFIB position.** Passed House 69–26. Passed Senate 35–12. Signed into law.

11 Smoking cessation mandate (ESSB 5039): Requires health insurance plans to cover two courses of tobacco cessation treatment in a 12-month period, including counseling and prescription drugs, further increasing costs to small employers. **A "No" vote supports the NFIB position.** Passed Senate 28–21. Died in House.

12 Purchase across state lines (SB 6440): Allows small businesses to purchase policies equivalent to the federal employee health benefit plan from out-of-state insurance carriers. Also allows Washington insurers to offer similar plans to out-of-state customers. **A "Yes" vote supports the NFIB position.** Passed Senate 41–7. Died in House.

13 Light duty subsidies (ESHB 2002): Increases workers' compensation taxes to fund a partial wage and supply subsidy program for employers whose injured workers accept light-duty assignments. **A "No" vote supports the NFIB position.** Passed House 54–43. Died in Senate.

14 Industrial insurance rainy day account (ESHB 2026): Requires workers' compensation surpluses to be transferred into a new reserve account, prohibiting future rate reductions, rebates or dividends. **A "No" vote supports the NFIB position.** Passed House 50–47. Died in Senate.

15 Abate pending appeal (ESSB 5068, House Amendment 503): Requires Dept. of Labor & Industries to reimburse employers for reasonable expenses incurred to abate an alleged workplace hazard if the employer wins appeal. **A "Yes" vote supports the NFIB position.** Failed in House 46–50.
