

You need an organization like NFIB looking out for you.

NFIB makes it easy for you to monitor Congress at NFIB.com to see how lawmakers treat small business.

Have They Earned Your Vote?

In keeping with our promise to help our members make informed decisions at the polls, NFIB presents this special pre-election voting report of How Congress Voted. This election-year report cuts through the rhetoric of campaigns and looks at the hard facts: how your U.S. Senators and Representatives voted on small business issues during the current (115th) Congress. (Note: This report represents NFIB Key Votes taken prior to July 27, 2018. NFIB will issue a final report at the end of the 115th Congress.)

Lawmakers who vote with small businesses on key issues 70 percent or more of the time during the 115th Congress earn NFIB's Guardian of Small Business Award. Just as important, this report also highlights lawmakers who not only earn a Guardian Award, but who actually voted against small business issues a majority of the time.

This special NFIB member report should come as no surprise to lawmakers. NFIB asks lawmakers to support the consensus views of our members. We also remind them that their votes are being monitored and will be reported back to NFIB members.

Now it's up to you - the small business owner.

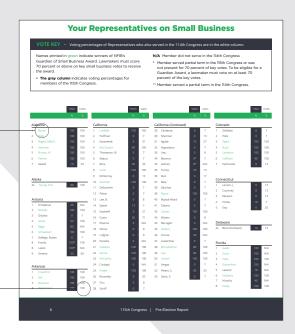

Many of the lawmakers listed here are asking to be sent back to Washington for the next Congress. Before you go to the polls, decide if they have earned the chance.
